City of Costa Mesa Application for Commission/Committee Appointment

Name Lisa Locke.

Address: [REDACTED]
Costa Mesa, CA 92626

Phone (H): [REDACTED] W. [REDACTED] Cell [REDACTED]
Email [REDACTED]

Indicate the name of the Commission/Committee/Board you are interested in serving on:
3R Committee

I was appointed as an alternate last May to the 3R's Committee. Besides attending the regular 3rs meeting, I have served on two sub-committees interviewing various agencies seeking federal funding for their programs that target the homeless. By serving on these two sub-committees, I have gained a working understanding of the role of the 3rs in determining how to best distribute federal funding to deserving projects. What I have learned since May is that those serving on this committee need to maintain an open mind about who is asking for the funds and how said monies will be allocated. Our role on the 3Rs Committee is to make proper recommendations as residents of Costa Mesa that will directly benefit the agency requesting the funds, the community and especially the direct recipients of the funding.

I am very familiar with the families of Costa Mesa because for the past 16 years, I have been a high school teacher for Orange County Department of Education. I work with local at-risk junior and high age students at Victoria Harbor ACCESS School. I assist students in catching up credits and then I encourage them to return to Newport Mesa to graduate from our local public high school. I have also been a youth sports coach for many seasons, both girls' basketball at St Joachim School and softball at Costa Mesa National Little League. I have volunteered usher at South Coast Repertory Theater for at least the past 10 years.

. Through my work, social contacts and close neighborhood friends I feel very informed to make recommendations about how best to spend federal funds. Please consider my application for the vacant position.

Lisa Locke
